DETACHMENT "H"

12 October 1972

## STANDARD OPERATING PROCEDURE

H-10-3 This supersedes H-10-3 dated 23 July 1971

## FIRE PLAN FOR NON-DUTY HOURS

1. PURPOSE: To set forth the plan of action to be taken by Security assistants when a fire occurs in or around the hangar during non-duty hours.
2. SCOPE: Provisions apply to all security personnel who act in the capacity of Security Assistants.
3. RESPONSIBILITIES: Director of Security is responsible for insuring adherence to the provisions of this SOP.
4. PROCEDURES:
  - a. Generally the duties to be performed fall into four categories:
    - (1) Warning others.
    - (2) Obtaining help.
    - (3) Fighting the fire.
    - (4) Saving equipment.
  - b. When a fire is discovered in the hangar, the following emergency actions will be taken:
    - (1) Notify tower of the fire by means of the direct line telephone located on outside front of security guard booth on hangar floor. Ask the tower operator to summon the fire Department to the XXXXXXXXXX Hangar.
    - (2) Immediately inform the communicator in the Signal Center, who in turn will call the hostel to alert U.S. personnel and the Staff Duty Officer. If no communicator is on duty alert the SDO by radio.
    - (3) Fight the fire until Base Fire Department arrives on the scene.
